Design Trends

1. Lavish colors and patterns are some evident design trends at this time of the year.
2. Decorating with crystal. Crystal is showing up in everything from fabrics to wallpaper. This adds a touch of glam to any space.
3. Swirling art and graphics. Textiles and rugs are mimicking an Ed Hardy look with an edgy feel. You can see this trend on bedding, throw pillows and even chairs.
4. Sustainable materials. The use of sustainable and recyclable materials continues to be strong.
5. Pair bright colors with a neutral. In order

Tip of the month

How to brighten tile grout.....Are you tired of looking at the stained grout on your floors? Here is an inexpensive way to revive the grout color on your floors.

What you need: This old grout and stone stain sealer (\$20 online at www.thisoldgrout.com), a toothbrush, and a damp cloth.

How to: Squeeze a small bead of product into all grout lines, scrub evenly with a toothbrush, and immediately wipe off excess on the tiles
